

# FIT-AL™ JIG SAW DISPLAY

THESE BLADES FIT UNIVERSAL  
AND "T"-SHANK MACHINES

Model # E0320105

## FIT-AL™ BLADES AVAILABLE

### BI-METAL

Bi-metal jig saw blades are made with cobalt for heavy duty cutting in wood and metal. These bi-metal jig saw blades are very durable and long lasting.

### CARBON

High carbon steel jig saw blades are designed for general purpose cutting in wood. Made for quick and accurate cutting.

### HIGH SPEED STEEL

High speed steel for cutting in metal.
